How many of these are women?	Number of R&D personnel 546
How many women within your organisation are involved in the Masmicro Project?	0
Please describe the current best practises within your organisation; this could include (but is not limited to) recruitment, working hours, life home balances, crèche facilities etc, etc	
There is no any special practise in my organisation.	
Please describe how you envisage that you will encourage the women in your organisation to participate in RTD activities within Masmicro	
We will inform about the progress of Masmicro project to all the researchers in my organisation. The goal of this information will be to encourage people (specially women) to participate in Masmicro project.	

Please describe your thought on how to achieve the following

2 public events (within your country)

Local events such workshops in local high schools

Internships for Women

Attracting more women to manufacturing industries women

Networking is an essential tool for empowering women scientists in Europe. In 1999, the Women and Science Unit produced a comprehensive directory of networks of women scientists across Europe: the network guide.

Some information about Masmicro project could be sent to these networks.

Please confirm if you can nominate an employee to be part of the advisory board – although this is not compulsory (I would suggest we are only looking for 6-10 members), these do need to be split across Europe

Please nominate the woman who will form part of the Gender Awareness Group
